COZMOZ

HYDROGEN DETECTION FOR NEW ENERGY APPLICATIONS

Monitoring Hydrogen Leaks

Bionics Instrument Europe BV, a New Cosmos Group Company, your solution for measuring hydrogen at Fuel Cell applications and safety in hydrogen new energy applications.

More than 50 years of experience and a strong proven track record with respect to solutions for gas detection.

- Forklifts
- Power stations
- Automotive
- Refuelling stations
- Hydrogen production & distribution stations
- Gas storage
- Gas transport

Portable detection

FCV Sensor / Transmitter

A small but ridged designed hydrogen detector suitable for a wide range of automotive and other applications using the high quality reliable New Cosmos technology.

Range	0-100% LEL H ₂
Detection method	Diffusion type
Power supply	9.5 – 14.5 VDC
Output signal	PWM duty cycle or 1.5 to 4.5 VDC
Power consumption	0.65 W

KD-12 Detector-Indicator-Transmitter		
Ridged design, suitable for all industrial applications.		
Ranges	Available from ppm to LEL level	
Detection method	Diffusion type / ATEX certified	
Power supply	24 VDC (18-30 VDC)	
Output	4 - 20 mA, potential free relays contact	
Power consumption	< 3 W	

PD-12 Detector-Indicator-Transmitter		
Very ridged design, suitable for a wide range of industrial applications.		
Suitable for detection in areas with limited access.		
Ranges	Available in a wide range from ppm to LEL level	
Detection method	Sample draw / ATEX certified	
Power supply	24 VDC (18-30 VDC)	
Output	4-20 mA, potential free relays contact	
Power consumption	< 7.5 W	

XP-31XX Series Portable Detectors		
Robust design and suitable for a wide range of industrial applications.		
Designed to detect small traces of leaks at gas cabinets, panels metering stations etc.		
Ranges		
XP-3110	0-100% LEL	
XP-3160	0-500 ppm / 5000 ppm	
Detection method	Sample draw / ATEX certified	
Power supply	4 x AA alkaline dry cell battery	
Comes with	Internal memory to store the measured values	
Display	LCD with backlight	
Optional	Sample tube/hose extension	
	Software and cable to download the internal memory.
